Race, Ethnicity, and Place in a Changing America, Second Edition
John W. Frazier, Eugene L. Tettey-Fio, and Norah F. Henry, editors

"The authors of this already successful ethnic geography book have updated their work in ways that snap with intellect. Many new chapters also enhance the themes of race, ethnicity, and place. The anthology's rich, thoughtful analyses of the historical geographies of African minorities are like no other text. Carefully selected place-based examples of contemporary processes and patterns of race and ethnicity change the way we think about North American geographical experiences. This splendid transdisciplinary collection is essential reading for understanding the critical cultural motifs of the peopling of the continent." — Professor Lawrence E. Estaville, Texas State University

Multicultural Geographies
The Changing Racial/Ethnic Patterns of the United States
John W. Frazier and Florence M. Margai, editors

In an approach that differs from other publications on U.S. multiculturalism, Multicultural Geographies examines the changing patterns of race and ethnicity in the United States from geographical perspectives. It reflects the significant contributions made by geographers in recent years to our understanding of the day-to-day experiences of American minorities and the historical and current processes that account for living spaces, persistent patterns of segregation and group inequalities, and the complex geographies that continue to evolve at local and regional levels across the country.

The African Diaspora in the United States and Canada at the Dawn of the 21st Century
John W. Frazier, Joe T. Darden, and Norah F. Henry, editors

Drawing on the work of social scientists from geographic, historical, sociological, and political science perspectives, this volume offers new perspectives on the African diaspora in the United States and Canada. In addition to comparing and contrasting the experiences and geographic patterns of the African diaspora in the United States and Canada, the book also explores important distinctions between the experiences of African Americans and those of more recent African and Afro-Caribbean immigrants.
